

Coastal Inlets Research Program (CIRP) Workshop

Coastal Modeling System Short Course

August 19-21, 2011

Sheraton San Diego Hotel and Marina

1380 Harbor Island Drive, San Diego, California, 92101

Most of the CMS portion of this course is presentation only. You may follow along on the laptop computers provided. As this is a beginner course, we will cover many of the basics and some advanced features. If extra time remains at the end of each day, one of the instructors will attempt to answer questions on a case-by-case basis.
